LEADING THE FUTURE OF MEDICAL EXCELLENCE

Established in 2016 June, Central Asian International Medical University (CAIMU) stands as a beacon of excellence in medical education. Nestled in the heart of the Jalal-Abad Region of Kyrgyzstan, our university offers a serene and conducive environment for learning and personal growth.

At CAIMU, we are proud to offer a comprehensive undergraduate program in Medicine,

Central Asian International Medical University - where excellence meets opportunity, and the future of healthcare begins.

catering to both local and international students. Our curriculum is designed to provide students with a solid foundation in medical science, clinical skills, and ethical principles, preparing them to become competent and compassionate healthcare professionals.

One of the hallmarks of CAIMU is its diverse student body, comprising individuals from around the globe. This multicultural environment not only enriches the learning experience but also fosters cross-cultural understanding and collaboration, essential qualities in today's interconnected world.

Our dedicated faculty, comprised of experienced educators and medical practitioners, are committed to nurturing the intellectual curiosity and professional development of our students. Through a combination of rigorous academic coursework, hands-on clinical training, and research opportunities, we strive to empower our graduates to make meaningful contributions to the field of healthcare.

Whether you aspire to serve your local community or make a global impact, CAIMU provides the resources, support, and opportunities you need to achieve your goals. Join us at CAIMU and embark on a journey of discovery, growth, and fulfillment as you pursue your passion for medicine.

MISSION

Central Asian International Medical University, our mission is to significantly enhance the health and well-being of the populations in Central Asia and Southeast Asia. We achieve this by meticulously training doctors who possess a deep understanding of and proficiency in addressing the prevalent diseases within these regions. Through comprehensive education, hands-on clinical experiences, and a dedicated focus on the unique healthcare challenges of our target areas, we empower our students to become compassionate, skilled, and culturally sensitive healthcare professionals. By producing doctors who are not only academically excellent but also deeply connected to the needs of their communities, we aim to make a lasting and meaningful impact on healthcare outcomes, ultimately contributing to the overall improvement of health and quality of life for millions of individuals throughout Central Asia and Southeast Asia.

VISION

Central Asian International Medical University (CAIMU), our vision is deeply embedded in our name. We envision CAIMU not only as a beacon of excellence in medical education but also as a frontrunner in groundbreaking medical research. Our aim is to elevate CAIMU to such heights of recognition, both nationally and globally, that it becomes synonymous with excellence and innovation in healthcare. We aspire to not only influence society but to do so in a manner that is genuine, legitimate, and impactful, fostering a sense of pride among individuals from all corners of the world who are associated with our institution. Through our relentless pursuit of excellence, integrity, and social responsibility, we envision CAIMU shaping the future of healthcare, where our contributions extend far beyond our campus, making a tangible difference in the lives of individuals and communities worldwide.

PRESIDENT MESSAGE

Dear professors, doctors, teachers, administration staffs and students of the Central Asian International Medical University! The world is currently facing an unprecedented global challenge the spread of a new disease. As long as trouble has not touched us, we do not see and do not know what efforts are being made today to contain this threat. The only noble work of doctors, nurses, everyone who cares about people's health is very important to us. Therefore, health is the most important wealth of a person it cannot be measured by anything, cannot be compared with anything.

At the outset, I wish to extend my warm welcome to you all in CAIMU family. It would indeed give us immense pleasure that you have selected CAIMU platform and given opportunity for us to assist in shaping your career. Today, the college symbolizes the meaning of quality education and professional achievement,

However, there is ample room for further development since acquiring knowledge is an endless process. Medical education today is no longer confined to the four walls of the classroom. All (cund efforts are needed to generate quality professionals. To achieve this we try to provide quality, value based, and activity oriented education to our students.

Prof. ARYNBAEV Z.T.

Prof. NARYMBETOV T.K

CAIMU in Jalal-Abad stands as a premier institution, offering top-tier medical education. Renowned for its quality education and skilled faculty, CAIMU attracts students from across the globe. Our mission is to prepare students to excel in the medical profession by providing hands-on experience, excellent infrastructure, and research opportunities. Through our partnership with SRMSI Hospital, students gain invaluable clinical skills. Our commitment to excellence extends to research, with students benefiting from grants and engaging in diverse projects. Located in the international town of Jalal-Abad, CAIMU fosters a dynamic environment for cultural exchange and holistic development.

CAIMU's commitment to excellence in teaching, patient care, and research ensures that students emerge as competent and compassionate physicians, ready to meet the challenges of the medical profession. With a vibrant international community and opportunities for hands-on learning, CAIMU provides a nurturing environment for students to thrive.

RECTOR'S MESSAGE

DEAN'S MESSAGE

It is my pleasure to welcome you to the College of Medicine at Central Asian International Medical University (CAIMU) in Jalal-Abad, Kyrgyz Republic. Our institution boasts one of the finest faculties in the country, recognized as a leading provider of medical education in the region. Founded in 2016, the College is fueled by the passion and dedication of both faculty and students alike. At CAIMU, we are committed to continually enhancing our medical college, ensuring that our students are equipped with the necessary competencies to become qualified physicians who can positively impact the future of healthcare worldwide. It is my earnest endeavor to foster harmonious collaboration across all facets of this institution, with the ultimate goal of propelling our university to unprecedented levels of excellence.

As Dean's of CAIMU's College of Medicine, I extend a warm welcome to all. Together, let us strive to make a meaningful difference in healthcare and embrace the enriching experiences and challenges that lie ahead. Join us in this noble cause, and together, we can shape a brighter future for healthcare worldwide.

Dr. Tashieva Gulbara Samidinovna

ADVATAGE OF STUDYING MBBS IN CAIMU

AFFORDABLE BUDGET

Central Asian International Medical University (CAIMU) in Jalal-Abad, Kyrgyz Republic is affiliated with Jalalabad State University. Renowned for its top-tier faculty and dedication to nurturing skilled physicians, CAIMU is proud to offer one of the most affordable fee structures among all universities in Kyrgyzstan. Despite its affordability, CAIMU maintains a commitment to providing high-quality education alongside practical training, ensuring that students receive a comprehensive medical education. This approach makes quality medical education accessible to students from diverse backgrounds, empowering them to pursue their academic and professional goals without financial constraints.

ULTRA MODERN CAMPUS

The campus of Central asian international medical university (CAIMU) boasts contemporary facilities, encompassing expansive classrooms, comprehensive libraries, hands-on training labs, computer centers, and leisure zones. Offering oncampus housing choices, CAIMU ensures students' comfort and security, nurturing their academic and individual development within a supportive setting.

SAFEST AND SECURE GIRLS HOSTEL

The secure and separate hostel for female students offers a safe and cozy living space with various amenities to enhance their comfort and convenience. Furnished with modern conveniences, the hostel features a fitness center for those interested in staying active, a medical center to address health concerns, and a dedicated space for recreational activities. Additionally, there is a bank branch on-site for financial transactions, a cafeteria serving healthy meals, a dining hall providing meal options, and laundry facilities for added convenience. With these extensive amenities available right within the hostel premises, residents can concentrate on their academic pursuits and personal growth while enjoying a supportive and conducive living environment.

FREE FMGE (NEXT) COACHING

Offering high-quality coaching for the MCI exam to Indian students provides several significant advantages. Firstly, it significantly increases their likelihood of success by providing thorough preparation, expert guidance, Through this coaching, students gain a comprehensive understanding of the exam format, access to valuable resources, Moreover, top-notch coaching ensures that students are thoroughly equipped to excel in the MCI exam. They are not only prepared to pass the exam on their first attempt but also to pursue their medical careers with a sense of confidence and competence. Ultimately, this comprehensive coaching plays a crucial role in shaping the future success of Indian students in the medical field.

Doctor of Medicine (M.D./MBBS)

The general medicine program is five years long. The first two years are for learning theoretical and pre-clinical subjects, the other years of the course emphasize clinical subjects. The program comprises the classical teaching model to acquire a firm foundation in basic sciences before joining the clinical field. Students get the opportunity to practice in State Hospitals of Jalal-Abad city and become beneficial due to early interaction with patients for general practices. The study follows recommended study policies. These strategies are based on the field's accreditation but their content and pattern are evaluated to reflect improvement in knowledge as well as experiences and views of teachers and students. To acquire the Required number of credits, students have to enroll not only for the theoretical but also in elective subjects. These Optional elective subjects are regularly analyzed and modified.

**IT'S NOT ABOUT
IDEAS, IT'S ABOUT
MAKING IDEAS HAPPEN.**

Their requirements are also reassessed. Students can pass the elective subjects only if they fulfill certain valid theoretical and practical requirements. The Central Asian International Medical University (CAIMU) follows the Bologna process declaration and has adopted European Credit Transfer and Accumulation System (ECTS). The Doctor of Medicine (MD/MBBS) program resembles EU standards and professional requirements set for doctors. The obtained degree is in line with European labor market requirements (European comparative degree system).

OUR FACILITIES

STATE-OF-THE-ART CAMPUS

Experience learning in a vibrant and modern environment at our state-of-the-art campus, equipped with cutting-edge facilities and technology. From spacious lecture halls to advanced laboratories, our campus provides the perfect setting for academic exploration and personal growth. Immerse yourself in a dynamic learning atmosphere designed to inspire and empower you on your educational journey.

NATIVE CUISINE
